

RENTAL FOR EVERY NEED

The Right Solution for Any Situation

At Raymond Storage Concepts (RSCI), we understand the challenges of managing a busy warehouse or back-of-house operations. Unexpected surges in demand, peak season, short-term projects and fluctuating workloads can put a strain on your resources.

Our extensive fleet of high-quality forklifts and exceptional rental program are designed to take the stress out of material handling. Whether you need a lift for a few days, a few months or longer, we have the right solution to keep your operations running smoothly.

WHY RENT?

Renting equipment offers a number of advantages over purchasing one outright. Here are just a few reasons to consider:

Cost-Effective Solution

Avoid the upfront investment of purchasing. Only pay for the time you need it.

Seasonal Needs

Easily scale your fleet up or down to meet peak season inventory and demands.

Short-Term Projects

Rent a forklift for the duration of your project and avoid the hassle of storage.

Try Before You Buy

Rent for a day, or a week. Test out different equipment before fully committing.

PREPARATION FOR SEASONAL EMPLOYEES

Peak productivity demands a peak-performing team. Ensure your temporary workforce is OSHA-compliant and equipped to handle rented equipment safely. Take a peek at our operator training programs to prevent accidents, minimize downtime, and protect your products.
